CL. 201.—Royal Warrant—Gratuities to Officers of the Army Reserve, and to certain Officers of Militia.

VICTORIA R.

Whereas it has been represented to Us that it is expedient to amend in certain respects the regulations under which an Officer of the Army Reserve is awarded a gratuity when called to Army Service, and also to provide for the award of gratuities to certain Officers of Our Militia on disembodiment;

Our Will and Pleasure is that the following, which shall have effect from the 1st March 1885, shall be substituted for Art. 977 of Our Warrant of the 10th June 1884:—

977. An Officer of the Army Reserve who shall not have retired from Our Army on retired pay, or with a gratuity, shall, on ceasing to draw full pay, if his service in Our Regular Forces has been in all respects satisfactory, receive a gratuity of 100*l.*, and, after the first 12 months of service, a further gratuity of 50*l.* for each year of service at home, and 100*l.* for each year of service abroad; portions of a year being calculated at the same rate. This regulation shall apply to Officers of the Army Reserve who have been called to Army Service under Art. 510, and may be also applied to Officers of the Army Reserve and Auxiliary Forces specially selected for, and employed upon, active service, with the sanction of Our Secretary of State.

977*a.* An Officer of Our Militia who shall not have retired from Our Army on retired pay, or with a gratuity shall, on ceasing to draw full pay in Our embodied Militia as a Field Officer, a Captain, a Subaltern Officer, or a Medical Officer, if his service therein has been in all respects satisfactory, receive a gratuity, at the same rates as those provided for Officers of the Army Reserve under Art. 977.

Given at Our Court at Balmoral, this 20th day of October 1885, in the 49th year of Our Reign.

By Her Majesty's Command,

W. H. SMITH.

CL. 202.—Royal Warrant—Extra-duty Pay to Instructors of Signalling.

VICTORIA R.

Whereas it has been represented to Us that it is expedient to amend the Regulations governing the issue of extra-duty pay to non-commissioned officers of Our Army appointed Instructors of Signalling;

Our Will and Pleasure is that para. XXVIII., Art. 640 of Our Warrant of the 10th June 1884, shall be cancelled, and that the following be substituted in lieu thereof:—

s. d.

XXVIII. To the non-commissioned officer appointed Assistant Instructor of Signalling in each Regiment of Cavalry, Battalion of Infantry, and Garrison Battery of Artillery, for each day on which he is actually engaged in imparting instruction in signalling (to be limited to 130 days in each year) 0 6

Given at Our Court at Balmoral, this 12th day of October 1885, in the 49th year of Our Reign.

By Her Majesty's Command,

W. H. SMITH.

CL. 203.—Allowance Regulations, 1884—Conveyance of Baggage and Stores.

The following will be substituted for para. 780 of the Allowance Regulations, 1884 (Army Regulations, Vol. I. Part III.):—

780. When parcels are sent specially by passenger trains, and extra cost is involved, a remark as to the necessity for taking this course will be made on the carrier's note. When parcels can be sent by parcel post, that mode of conveyance will, as a rule, be used.

ARMY CIRCULARS—continued.

CL. 204.—Financial Instructions, 1882—Vouchers and Schedules—Money Orders.

The following will be added after para. 199 of the Financial Instructions, 1882:—

199a. All forms of requisition for money orders will be stamped under the immediate supervision of the Officer, and after he has satisfied himself that the orders specified in the requisition are actually required.

199b. In all cases in which the Officer cannot personally obtain the money orders he requires, he will arrange with the Postmaster as to the person authorised to obtain orders on his behalf, and the authority to be produced.

199c. Whenever it may be necessary for someone other than the person thus delegated to draw the orders, a written authority should be given.

CL. 205.—Gratuities for Long Service and Good Conduct.

The Secretary of State for War has approved of the issue of Gratuities in accordance with the provisions contained in Clauses 65 and 95, Army Circulars, 1879, to the Warrant Officers, non-commissioned officer, and men named in the Appendix to General Order, No. 121, of 1885.

The investment or payment of these Gratuities will be governed by the position of these men on the 1st October 1885, from which date interest will be allowed on the sums invested.

REGULATIONS FOR THE COMMISSARIAT AND TRANSPORT STAFF.**CL. 206.—Canteens.**

Para. 434 of the Regulations for the Commissariat and Transport Staff (Army Regulations, Vol. IV., Part I.), will be amended as follows:—

434. It will be the duty of the Commissariat Officer in charge of Barracks to prepare monthly, in the case of a civilian tenant, claims, on Army Form P 1009, for rent, at the rate fixed by the Secretary of State for War. Claims will also be made for per-centage, where there is liability thereto, on such articles, enumerated in the Schedules of Barrack Furniture promulgated by Clause 174, Army Circulars, 1880, as may be issued to canteens conducted on the regimental system.

CL. 207.—Revised Schedules of Hospital Equipment.

The following addition will be made to Schedule 16 of the Schedules of Hospital Equipment, issued with Clause 12, Army Circulars, 1881:—

Brushes, closet, Piasaba, one for each closet with pan.

EQUIPMENT REGULATIONS.**CL. 208.—Instructions for the Care and Preservation of Iron Carriages and Platforms.**

The following will be substituted for paras. 199 to 235, Parts 1 and 2 of Sub-section VII. of Appendix V. pages 594 to 598 of the Equipment Regulations, 1881 (Army Regulations, Vol. III.):—

199. Iron carriages and platforms of every description require special care to preserve them from the effects of the weather, and to keep them in working order; otherwise they will be deteriorated by rust, and the working parts become so corroded as to induce irregularity in action, and be difficult to work. Particular attention will be paid to the following instructions, which have been framed to apply generally to all mountings.

200. When mountings are not frequently used, the moveable parts of the elevating gear, the adjusting screw shaft, compressor nuts and rocking levers of the compressor gear, and the blocks and tackle of the running-back gear will be removed and placed in store.

201. These parts will be kept clean and placed in position at least once in three months, to see that they are in proper working order. All other gears should be worked once a week, to ensure their being in a clean and working condition.

202. The top of the platform will be rubbed with an oily rag to keep it from rusting; and, to keep the under surface in good condition, the carriage will be raised on its rear rollers, oil being poured underneath as far as possible, then lowered and worked in and out sufficiently to oil the whole surface.

203. The teeth of traversing gear should be greased. The position of the platform will be changed to prevent impressions on the trucks and racers. The racers, especially at the sides, should be scraped and cleaned to render traversing easy.

204. All bearings should be lubricated at least once a month, and *always before practice*. During practice the top of the platform should be occasionally rubbed with a slightly oily cloth, to prevent seizure.

205. Carriages with rollers permanently in action, should have the rollers and axles kept clean and thoroughly lubricated.

206. In lubricating the lubricating holes will be cleaned out with a wire (if necessary) and filled with oil, care being taken to replace the small screws. Bearings are not thoroughly lubricated unless the oil shows on the shafting.

207. The 35-ton and 38-ton platforms have a few lubricating holes at the rear, under the platform boards; it is necessary to remove the latter before the bearings can be oiled.

208. All working parts will be kept free from dirt and rust. The clamping arrangement or friction cones of elevating gear, brake drums, and the discs of friction clutches will be cleaned, but *not oiled*. The plates

ARMY CIRCULARS—continued.

and bars of the compressor and preventor gears will on no account be greased, but should be kept free from rust by scraping to ensure regularity in working.

209. The teeth of traversing and brake gear wheels will be greased occasionally to ensure easy working and preserve them from rust.

210. Rollers and trucks, where practicable, will be removed once a month, and the axles properly cleaned and greased before replacing. The front trucks are removed by running the carriage back, and lifting the front of the platform by hydraulic jacks sufficiently high to take the weight off the trucks; great care will be taken to block up the platform before removing the axles. For the rear trucks, run the carriage up, place the jacks under the rear block plate, and proceed as for the front trucks.

211. The rear roller hydraulic jacks will be worked frequently to keep the leathers supple and in proper order. Should a jack not act the lever will be worked rapidly, while the cistern is being tapped with a block of wood to dislodge any obstruction in the pumps. If this does not remedy the defect, the jack will be examined by a competent artificer.

212. When using the clutch of 35-ton and 38-ton platforms, the hand-wheel should be turned just sufficiently to set the clutch so as to set up movement in the carriage or platform.

213. Hydraulic buffers should be carefully examined before firing, to see that the cylinders contain the requisite quantity of fluid, that there is no leakage at the glands, and that the piston rods are properly connected; care should also be taken that the clip plates are securely bolted to the carriage.

214. If a buffer leaks at the gland, and tightening up the latter does not stop the leak, the packing will be renewed. Materials for packing are detailed in Table M, page 636.

215. The buffer will not be removed, but will be left filled and periodically examined. *Vide* para. 160, Part I.

216. For detailed instructions with reference to buffers and gear of R.M.L. 12-inch and 12.5 inch, see handbooks.

217. Care should be taken that all nuts and screws are properly tightened up, that all working parts (when in position) are in proper gear, and that all friction cones and brakes are accurately adjusted.

218. If a nut or screw be removed it should be slightly oiled before being replaced, and a few turns given to it by hand before using the spanner, to prevent damage by the threads crossing. A burr on the threads of a screw will prevent it being screwed home; the burr can be easily removed by means of a file. A hammer should never be used to tighten up screws or nuts.

219. Particular attention will be observed when removing or adjusting any gear not to indent or damage the component parts by rough usage. A hammer should never be used, unless with a piece of wood or a plate of copper to act as a dummy.

220. The clip plates will be removed, and the hydraulic buffers disconnected, before the carriage can be dismantled.

221. When the rear rollers are brought into play for running back, and the pawls of the sockets placed, the latter should bear, not on their pins, but on their shoulders.

222. Sliding carriages when "running in and out" have very little clearance off the platform, consequently the carriage will not ride on its rollers unless the front rollers are bearing correctly on the platform.

223. To ensure this, the front axle bearings are made eccentric, so that they can be adjusted to compensate for wear. Full instructions for carrying out this adjustment will be supplied on demand.

224. Differential brake gear will be regulated by the adjusting screws until the tension of the brake bands is just sufficient to retain the carriage on recoil, and prevent it "running out" until the bands are slackened by the levers.

225. Jamming levers and friction cones of elevating gear will be tightened up by means of the adjusting nuts, so as to allow just sufficient slip on the gear to prevent damage by the shock of firing.

226. Compressor gear is regulated by setting up the adjusting lever, until, by the exertion of one man, the compressor lever can be just forced past the stop on the arc.

227. The adjusting lever should be set up after each round for the first three or four rounds, so that the removal of any scale or rust on the bars will not vary the recoil.

228. 7-inch 64-ton naval mountings appropriated for land service, which have not been altered to 4° slope, in accordance with § 3990, List of Changes, will require, when firing, to have a breeching rope passed through the breeching bushes of the carriage, and fastened securely to strong loops in the works.

229. Before firing, the pivot bars will be secured by the pivot plugs and keys, the hydraulic buffers properly connected, and all gear accurately adjusted.

230. If it be necessary to withdraw the piston rod from the hydraulic buffer, only one end of the cylinder should be opened. In tension buffers the cap to be removed (this depends on the nature of the buffer) has either a hexagon for a spanner or slots for the end of a lever. In compression buffers, fitted with covers and flanges, the cover is unbolted from the flange, and removed with the emptying cock.

231. In replacing the cap or cover the threads or flanges should be well coated with red and white lead, or Scott's composition, to make a close joint.

232. If the paint is rubbed off any part of the mountings, the place should be patched over as soon as possible to prevent rust.

233. Any defect or irregularity in the gears which cannot be remedied by following out these instructions will be at once reported, so that the mountings may be examined and properly repaired if necessary.

234. In all correspondence relating to carriages and platforms, their marks and register numbers should be quoted.

235. A copy of these instructions attached to a board will be hung up in each fort or battery where there are iron carriages. Copies for this purpose, printed on Army Form G 907, can be obtained on demand.

CLOTHING AND NECESSARIES.

I.—REGULAR FORCES.

CL. 209.—Alterations and Additions.

Alterations in and additions to the Regulations for the Supply of Clothing and Necessaries to the Regular Forces, 1881 (Army Regulations, Vol. XI.), will be made as follows:—

1. The following will be added after para. 98:—

98a. The leggings in possession of drafts proceeding to or returning from foreign stations at which leggings are worn, will not be taken by the men, but will be retained by the regiment or corps from which they proceed.

2. Para. 126, amended by Clause 161, Army Circulars, 1883, will read as follows:—

126. Spurs in possession of non-effectives or transfers (except men of the Royal Artillery transferred to mounted duties in other batteries) will be taken into regimental store, and will be retained for issue to other soldiers for the further period of wear required of them, provided they have not been worn five years; but, if otherwise, and a Board of Survey considers them unserviceable, they will be disposed of under instructions from the Director of Clothing.

3. Para. 338a, added by Clause 52, Army Circulars, 1884, will be amended as under:—

In the first line, after the words "Royal Artillery," add "and Royal Engineers."

4. Para. 622, cancelled by Clause 85, Army Circulars, 1885, will be re-inserted as follows:—

622. Clothing issued to or authorised to be provided for Conductors of Supplies will be brought on charge in the Clothing and Necessaries Account of the company or detachment of the Commissariat and Transport Corps to which they belong. That for Conductors of Stores need not be brought on charge, but when no longer required for wear will be disposed of under instructions obtained from the Director of Clothing.

5. Para. 764, as amended by Clause 161, Army Circulars, 1883.

To the detail of articles to be taken by transfers, add—

1 pair of jack spurs.

6. Para. 764a, as amended by Clause 33, Army Circulars, 1884.

To the detail of articles to be taken by men transferred to mounted duties in a Field Brigade, add—

1 pair of jack spurs.

7. Para. 767 will read as under:—

767. A soldier of the Royal Artillery in a Field Brigade, transferred from dismounted to mounted duties, or appointed acting bombardier, will receive a pair of part-worn pantaloons, and will return to store a pair of annual trowsers. If there be no part-worn pantaloons in store, he will be supplied with a new pair on the same conditions as a recruit of the period in which the transfer or appointment takes place. He will also receive a pair of knee boots, retaining his Wellington boots for the original period for which they were issued, and also his ankle boots, which will be kept up at his own expense. The ankle boots which are out of date will be given into store.

G.O. 114.—Army Organisation.

I. Her Majesty the Queen has been graciously pleased to approve of the 1st (Exeter and South Devon) Devonshire Rifle Volunteer Corps being in future styled the 1st (Exeter and South Devon) Volunteer Battalion of The Devonshire Regiment.

II. Also of the 2nd (Prince of Wales's) Devonshire Rifle Volunteer Corps being in future styled the 2nd Prince of Wales's Volunteer Battalion of The Devonshire Regiment.

III. Also of the 3rd and 4th Devonshire Rifle Volunteer Corps being in future styled respectively the 3rd and 4th Volunteer Battalions of The Devonshire Regiment.

IV. Also of the 5th Devonshire Rifle Volunteer Corps being in future styled the 5th (The Hay Tor) Volunteer Battalion of The Devonshire Regiment.

G.O. 115.—Army Signalling.

The following will be substituted for para. 106, Sec. VII, "Queen's Regulations and Orders for the Army, 1883":—

106. The greatest pains should be taken by corps to ensure that the Signallers are thoroughly trained during the six summer months. The instruction should be as uninterrupted as possible. When two or more regiments are quartered at the same station, brigade practice will also take place under the superintendence of a selected instructor. It must not be forgotten that the introduction of lamp signalling involves considerable extra work on all concerned.

G.O. 116.—Education.

Para. 29, Sec. IX, "Queen's Regulations and Orders for the Army, 1883," is amended as follows:—

After the word "week" in the fourth line insert "subject to the following exceptions."
And after the word "certificate" in the fifth line insert—

GEN. ORDERS—continued.

Exceptions.

- (a.) Boys enlisted in the Royal Engineers for training as telegraphers or tailors, and buglers learning trades, may be exempted from attendance at school after they have obtained 2nd class certificates.
- (b.) Boys enlisted in the Royal Engineers for training as fitters and blacksmiths will be exempted from attendance at school after they have obtained 3rd class certificates.

G.O. 117.—Confinement in Guard Rooms.

Attention is called to the provisions of paras. 25, 28, and 38, Sec. VI., "Queen's Regulations and Orders for the Army, 1883," which are intended to prevent the unnecessary confinement and detention of soldiers in guard rooms, and are specially applicable in the case of young soldiers and boys.

G.O. 118.—Honours and Distinctions.

I. Her Majesty the Queen has been graciously pleased to approve of the Royal Malta Fencible Artillery being permitted to bear on its appointments the words "Egypt, 1882," in commemoration of its services during that campaign.

II. Para. 18, Sec. I., "Queen's Regulations and Orders for the Army, 1883," will be amended accordingly.

G.O. 119.—Leave of Absence.

With reference to G.O. 133 of 1884, the permission then given to General officers commanding to grant leave of absence to officers on home service is not intended to apply to cases where leave in excess of 30 days is required.

The following alteration will therefore be made in para. 11, Sec. XIII., "Queen's Regulations and Orders for the Army, 1883," as amended by the above-quoted G.O.

After "officers," in line 2, insert "The leave of absence so granted must not, however, exceed 30 days.

G.O. 120.—Medals.

The following non-commissioned officers have been awarded medals, as stated below:—

For "Long and Meritorious Service."

No. 806, Troop Sergeant-Major D. Croghan, late 10th Hussars.

For "Distinguished Conduct in the Field."

No. 6162, Acting Corporal W. J. Yetton, 2nd Bn. Rifle Brigade.

G.O. 121.—Good-Conduct Medals.

I. The non-commissioned officers and men named in the accompanying list (*see* Appendix) have been awarded silver medals for "long service and good conduct," under the provisions of Arts. 902 to 907 of the Royal Warrant of 1st April 1884 (Army Regulations, Vol. I.).

II. The sergeants included in this list, as being awarded the medal with gratuity, became eligible, and were recommended for this award prior to 30th June 1885; but their cases were not received at Head-Quarters in sufficient time for their names to be inserted in the list given in the Appendix to G.O. 83 of this year.

G.O. 122.—Militia.

The under-mentioned Militia Brigades and Battalions having now been disembodied, the Field-Marshal Commanding in Chief desires to convey to the officers, non-commissioned officers and men composing them his unqualified appreciation of the zeal and discipline they have shown during their period of service with the regular troops:—

2nd Brigade, Southern Division, Royal Artillery.
 3rd " Western " "
 3rd Bn. "East Kent Regiment". "
 3rd " Royal Fusiliers.
 3rd " Royal Irish Regiment.
 3rd " East Surrey Regiment.
 3rd " Durham Light Infantry.
 5th " Rifle Brigade.

GEN. ORDERS—continued.

His Royal Highness was enabled to satisfy himself, in most cases by personal inspection, of the high state of efficiency to which these brigades and battalions had attained, as well as of the admirable spirit by which they were animated; and, in addition to this, the reports upon them which have been received from General officers commanding districts in which they have been stationed, are of a highly satisfactory nature, and convince His Royal Highness that the Militia will ever prove a most valuable auxiliary to the army.

The Duke of Cambridge trusts that the proficiency acquired during this term of embodied service will not be lost now that the Militia have returned to their homes, and that they will retain a pleasant reminiscence of military life in their civil employment, in which His Royal Highness wishes them every success.

G.O. 123.—Staff.

His Royal Highness the Field-Marshal Commanding in Chief has been pleased to appoint Major-General George Byng Harman, C.B., to be his Military Secretary, in succession to Lieut.-General Sir Edmund Augustus Whitmore, K.C.B., whose period of service in that appointment has expired.

Dated 1st November 1885.

G.O. 124.—Staff.

Her Majesty the Queen has been graciously pleased to appoint Major-General Sir Redvers H. Buller, V.O. K.C.B., K.C.M.G., to be Deputy Adjutant-General to the Forces, *vice* Major-General George Byng Harman, C.B., appointed Military Secretary to His Royal Highness the Field-Marshal Commanding in Chief.

Dated 1st November 1885.

G.O. 125.—Volunteers.

The following will be inserted as para. 163a in the Volunteer Regulations, 1884:—

163a. In the case of it being considered desirable to re-transfer or re-post a non-commissioned officer serving on a line engagement from the Permanent Staff of the Volunteers to the Regular Forces, an application showing the circumstances which render such a course necessary, will be forwarded through the General Officer Commanding to the Adjutant-General, or in the case of non-commissioned officers belonging to the Royal Artillery, Royal Engineers, or Royal Marines to the Deputy Adjutant-General of the corps.

By command,

WOLSELEY, A.G.

DENT'S CHRONOMETERS, WATCHES, and CLOCKS have long held pre-eminent rank, as may be seen from the Reports of various scientific persons:—

THE ASTRONOMER ROYAL, (Sir G. B. AIRY,) in his Report to the Admiralty (13th of August 1870) on the forty Chronometers entered for annual competition, says of M. F. DENT's Chronometer—

"THIS IS THE FINEST CHRONOMETER THAT WE HAVE EVER HAD ON TRIAL."

N.B.—The LATE ASTRONOMER ROYAL (J. POND, Esq.), reporting in 1829 on the celebrated public trial, by order of The Lords of the Admiralty, which lasted thirteen years, during which nearly 500 Chronometers were tested, says:

"Your Chronometer, No. 114, is entitled to the First Premium. Actual variation in the year 0.54 hundredths of a second. This is superior to any other yet tried."

THE RUSSIAN IMPERIAL ASTRONOMER, M. STRUVE of St. Petersburg, reporting upon 81 Chronometers tested by the Russian Chronometrical Expedition, in 1843, says:

"The DENT CHRONOMETERS have held FIRST RANK in a brilliant manner. They contributed, beyond dispute, THE MOST EFFECTUALLY to the exactitude of the results."
"M. STRUVE."

"* By Command of the Emperor, the Russian Gold Medal of the Highest Order of Merit was presented to Mr. DENT."

SIR WILLIAM ARMSTRONG, Inventor of the Armstrong Gun, says:—

"9, HYDE PARK STREET, W., 14th November 1861.

"The Chronometer Watch you made for me in December 1859 has never been affected by travelling or riding; its variation at the end of a year was only 45 seconds. It has proved in every respect a most satisfactory Watch."

"W. G. ARMSTRONG."

"Mr. M. F. DENT,
33, Cockspur Street, Charing Cross."

The Report on CHRONOMETERS, WATCHES, &c., by the Judges at the Philadelphia Exhibition, can be had on application.

BLAND'S RIFLES.

EXPRESS DOUBLE RIFLES, '360, '400, '450, '500, and '577 Bores.
FROM 20 GUINEAS UPWARDS.

TESTIMONIAL.

From EDWARD J. JEKYLL, Esq., Zierow, Wismar, Mecklenburg, Schwerin, Aug. 9, 1884: "In fulfilment of my promise, I write to report on the '450 '400 Express Double Rifle you built for me last spring. It is exceedingly neat and handy, and its shooting, both with solid and expanding bullets, is most accurate. My two last shots have been as follows: First, at a red deer, whose head alone was visible over the brow of some steeply-rising ground; the expanding bullet struck him between eye and ear, and he fell on the spot; second, with solid bullet, a roebuck, shot through the heart, dead at ninety yards."

BLAND'S SELF-EXTRACTING ARMY REVOLVER.
CALIBRE '455 OR '470.

Price £2 17s. 6d.

"The Field," of 24th March last, writes: "We have tested this revolver with nearly one hundred rounds without fouling so as to create any difficulty in manipulation. With regard to accuracy, WE HAVE MADE EXCELLENT PRACTICE WITH IT; that is to say, AS GOOD AS WITH ANY REVOLVER WHICH WE HAVE YET TRIED."

INVESTED FUNDS £3,000,000 YEARLY INCOME £700,000

CAPITAL £6,000,000

SPECIAL ATTENTION is invited to the peculiar system of **Life Assurance** introduced by this Company, and to the new and extremely favourable conditions (as regards **RATES, PROFITS, LIMITS OF RESIDENCE, NON-LIABILITY TO FORFEITURE, &c.**) under which its Policies are issued.

Early Bonus Scheme.

UNDER THIS SCHEME Ordinary Policies rank for Bonus after three years' full Premiums have been paid, and in proportion to the number of Premiums after the third. They are payable *one month* after proof of death. Every fourth Premium may stand over unpaid. At the end of three years, subject to the regulations in the Prospectus, the Policies become **undisputable** on the ground of errors or omissions; **world-wide** without extra charge; and **not liable to forfeiture**, but only to reduction in amount, in case of omission to pay the Premium.

Rates for 65 or death	2 3 0	2 10 0	2 19 0	3 11 0	4 8 0	5 13 0	7 12 0
" 60 or death	2 8 0	2 16 0	3 7 0	4 3 0	5 6 6	7 5 0	—

Special Bonus Scheme.

UNDER THIS SCHEME Policies are issued at Rates which do not exceed, and in many cases fall short of, the Non-Profit Rates of other Offices. They share in the profits when the Premiums received, with 4 per cent. Compound Interest, amount to the Sum assured. They are payable three months after proof of death. Policies issued at these very economical Rates practically receive a **Large Bonus at the outset.**

AGE	20	25	30	35	40	45	50
Ordinary Rates	£1 15 0	£1 17 6	£2 1 3	£2 6 6	£2 14 6	£3 6 0	£4 1 0

Advantages common to both Schemes.

Policies Unchallengeable after Three Years; Travelling and Residence allowed in most parts of the World not within the Tropics; One Calendar Month allowed for Payment of Premiums; Nine-Tenths of the Profits Divisible; Special Provision made for keeping up and reviving Policies.

Policies are granted for Short Terms—Payable to the Assured during Lifetime—on Two or more Lives—for Annuities present, deferred, or contingent—for Endowments to Children, &c.

FIRE INSURANCE.

Almost all Descriptions of Property insured on the most favourable conditions.

Copies of a new Prospectus, containing full explanations and Tables of Rates, with Forms of Proposal and every information may be had on application.

Cl. 215.—Royal Warrant—Pensions of Soldiers.

VICTORIA R.

Whereas by Section 2 of the “Pensions and Yeomanry Pay Act, 1884,” it is provided that on and after the commencement of the Act it shall be lawful for Us from time to time to make orders relating to Pensions of Soldiers, and that every order so made shall, notwithstanding anything in any other Act, have effect as if enacted in the Act above quoted;

And whereas in Section 10 of the Act, 7 Geo. IV., cap. 16, entitled “An Act to consolidate and amend several Acts relating to the Royal Hospitals for Soldiers at Chelsea and Kilmainham,” it is provided that a soldier shall, under the circumstances therein specified, be entitled to such pension as shall have been fixed by the regulations in force at the time of his enlistment, but no provision is made for his being given any more beneficial pension which might be issuable under regulations in force at the date of his discharge;

And whereas it has seemed good to Us that such provision should be made;

Now, therefore, Our Will and Pleasure is, and We do by this Our Warrant direct, that every soldier who has been or may hereafter be awarded a pension shall receive the pension fixed by the regulations in force at the date of his discharge, if such pension shall be more beneficial to him than the pension fixed by the regulations in force at the date of his enlistment.

Given at Our Court at Windsor, this 21st day of November 1885, in the 49th year of Our Reign.

By Her Majesty's Command,
W. H. SMITH.

Cl. 216.—Regimental Establishments of the Regular and Auxiliary Forces, 1885-6.

(ISSUED AS A SPECIAL ARMY CIRCULAR ON THE 10TH NOVEMBER 1885.)

[THIS CLAUSE APPLIES ALSO TO THE AUXILIARY FORCES.]

1. The details of the Establishments for the Regular and Auxiliary Forces having been approved by Her Majesty have been issued to those concerned (*inserted on pp.*)
2. These Establishments will take effect from 1st April 1885, with the following exceptions:—
 - (a.) Regiments and Battalions serving abroad on 1st April, but subsequently ordered home, will retain their foreign Establishment until the date of arrival home.
 - (b.) Regiments and Battalions serving at home on 1st April, but subsequently ordered abroad, will retain their home Establishment until the date of embarkation.
3. On a Battalion of Infantry, which is serving abroad, being placed under orders to return home, vacancies that may occur in the ranks of Lieutenant and Sergeant will not be filled up, in view of the reduction of Establishment that will be effected on arrival of the Battalion at home.

Cl. 217.—Married Establishment.

The following course will be adopted as regards absorbing into the ordinary married establishment married men of the Reserve who have been permitted to remain with the Colours, and who, under paragraph 11, Clause 174, Army Circulars, 1885, are temporarily supernumerary:—

(a.) In Corps where the married establishment is not full owing to there being no eligible candidates, the married men from the Reserve will at once be absorbed into the establishment.

(b.) In Battalions, and at regimental depôts of abnormal strength, the married men from the Reserve will be absorbed into each vacancy on the ordinary establishment provided that there is no eligible candidate in the corps of total longer service than the married man from the Reserve. When there is such eligible candidate, then the absorption of men from the Reserve will take place upon the occurrence of every second vacancy if the number to be absorbed does not exceed two; if the number exceed two, then after the first two have been absorbed the remaining number will be absorbed into every third vacancy.

ARMY CIRCULARS—continued.

(c.) In regimental depôts of normal strength every third vacancy will be filled by married men from the Reserve, subject to the provision in filling other vacancies that the candidates for the married roll are of total longer service than the Reservists. When this is not the case, the men from the Reserve will be appointed to each vacancy.

REGULATIONS FOR THE COMMISSARIAT AND TRANSPORT STAFF.

Cl. 218.—Barrack and Hospital Services—Cleaning articles for use by Recruits.

In the fifth line of paragraph 334 of the Regulations for the Commissariat and Transport Staff (Army Regulations, Vol. IV., Part I.), as amended by Clause 175, Army Circulars, 1885, the words "Ordnance Store Department" will be struck out, and the words "Director of Clothing" substituted.

DENT'S CHRONOMETERS, WATCHES, and CLOCKS have long held pre-eminent rank, as may be seen from the Reports of various scientific persons:—

THE ASTRONOMER ROYAL, (Sir G. B. AIRY,) in his Report to the Admiralty (13th of August 1870) on the forty Chronometers entered for annual competition, says of M. F. DENT's Chronometer—

"THIS IS THE FINEST CHRONOMETER THAT WE HAVE EVER HAD ON TRIAL."

N.B.—The LATE ASTRONOMER ROYAL (J. POND, Esq.), reporting in 1829 on the celebrated public trial, by order of The Lords of the Admiralty, which lasted thirteen years, during which nearly 500 Chronometers were tested, says:

"Your Chronometer, No. 114, is entitled to the First Premium. Actual variation in the year 0.54 hundredths of a second. This is superior to any other yet tried."

THE RUSSIAN IMPERIAL ASTRONOMER, M. STEUVE of St. Petersburg, reporting upon 81 Chronometers tested by the Russian Chronometrical Expedition, in 1843, says:

"The DENT CHRONOMETERS have held FIRST RANK in a brilliant manner. They contributed, beyond dispute, THE MOST EFFECTUALLY to the exactitude of the results.
"M. STEUVE."

, By Command of the Emperor, the Russian Gold Medal of the Highest Order of Merit was presented to Mr. DENT.

SIR WILLIAM ARMSTRONG, Inventor of the Armstrong Gun, says:—

"9, HYDE PARK STREET, W., 14th November 1861.

"The Chronometer Watch you made for me in December 1859 has never been affected by travelling or riding: its variation at the end of a year was only 45 seconds. It has proved in every respect a most satisfactory Watch.

"W. G. ARMSTRONG.

BLAND'S GUNS. "THE KEEPER'S GUN,"
10, 12, 14, 16, or 20-Bore.
Price 6 Guineas.
STRONGLY RECOMMENDED.

TESTIMONIALS.

From T. PRESTON BATTERSBY, Lieut. R.A., F.R.A.S., May 1, 1882.

"I have much pleasure in stating my satisfaction with the 10-bore 'New Model Keeper's Gun,' purchased from you last year. I have found the shooting admirable, and the workmanship and action of the gun thoroughly fitted to stand hard work, of which I gave it a good deal."

From Lieut. V. T. GARLAND, 1st W. I. Regt., Sierra Leone, Dec. 7, 1882.

"... I may mention that I have for the last five years shot with one of your 'Keeper's' C.F. Guns constantly, both at home and abroad. Except in appearance it is as good and as tight now as it was when new. Only a few days ago I shot with it a full grown 'harness antelope,' with No. 6 shot. I got him behind the shoulder, and he didn't run a yard afterwards."

N.B.—"THE KEEPER'S GUN" 16-bore, at the 60 yards range, was the third in order of merit of the twenty-one high priced guns sent in for competition at the late "Field" Gun Trials.

Special Bonus Scheme.

UNDER THIS SCHEME Policies are issued at Rates which do not exceed, and in many cases are short of, the Non-Profit Rates of other Offices. They share in the profits when the premiums received, with 4 per cent. Compound Interest, amount to the Sum assured. They are payable three months after proof of death. Policies issued at these very economical Rates practically receive a **Large Bonus at the outset.**
